GROUNDS & TRIBUTES GUIDELINES

Following input from the families and loved ones of those whom rest at Fairleigh Park, we have introduced the following guidelines to best cater for all those who visit loved ones on our grounds.

To best assist in both the maintenance and presentation of these grounds we ask that you please take these following guidelines into consideration when visiting memorials.

When placing tributes and flowers throughout the memorials, please use the vases that are provided and ensure that all tributes & vases are placed within 15cm (6 inches) of the plaque, especially in group gardens as to not encroach on other memorials.

Please remove any wrapping from tributes that may litter the grounds and place in the bins provided.

Items and tributes that are placed in vegetation surrounding the memorials either in the group or family gardens and hedges maybe removed at anytime by grounds staff. For this reason we ask you not to place items in the surrounding vegetation that will inhibit the upkeep of the grounds.

Any removed items will be held for 6 weeks before being disposed of.

Whilst we welcome all floral tributes, if you chose to place artificial flowers in the gardens please be mindful that they will be removed when they begin to deteriorate and unfortunately cannot be recycled.

Please be mindful that it is prohibited to pick flowers and plants from the grounds.
